QUALITY POLICY

Laboratorio Innoaesthetics is a company dedicated to the production and marketing of cosmetic, personal care and health products. To this end, it has ISO 22716 certification for good manufacturing practices and marketing of cosmetic products, and ISO 13485 for the design, development, manufacture and marketing of sterile and non-sterile medical devices for the repair of healthy skin.

Laboratorio Innoaesthetics bases its knowledge on offering the dermo-aesthetic-health market a complete range of products whose common denominator is Efficacy and Innovation.

Our goal is to satisfy the needs and expectations of our customers, always working for institutional progress through the personal and professional development of our collaborators and a production that has high quality standards.

The Management is aware that quality is one of the pillars on which competitiveness must be based in order to meet market demands and is committed to providing the material and human resources necessary to comply with the requirements of the Quality System, as well as to produce halal products in a constant and sustainable manner. and to this end it aims to achieve the following objectives:

- ✓ **CONTINUOUSLY IMPROVE** the performance of our processes and the satisfaction of our customers
- ✓ The **RESPONSIBILITY** of improving our Integrated Management System day by day.
- ✓ The pillar of our company consists of technical-pharmaceutical knowledge and scientific-medical support. We must bet on **the MOTIVATION AND TRAINING OF THE STAFF** that makes possible the continuous innovation and excellence of our products.
- ✓ The improvement in technical and medical knowledge for its transformation into **NEW TECHNOLOGICAL ADVANCES AND AESTHETIC EFFICIENCY** in our products
- ✓ **Ensure the management of risks and opportunities** in our processes, especially the risks associated with the design of new products at all stages of their life cycle.
- ✓ Ensure **COMPLIANCE WITH REGULATORY REQUIREMENTS, CUSTOMER SPECIFICATIONS AND DELIVERY TIMES** through a system of control and monitoring of the work carried out.
- ✓ Comply with Islamic regulations (Sharia) and the requirements of the certifying body related to the **guarantee of halal products**.
- ✓ Use halal material and carry out the halal production process in accordance with the applicable standards.
- ✓ **SOCIALIZE AND COMMUNICATE THE HALAL POLICY** to all parties involved to ensure that all personnel maintain halal integrity in the company.
